We don't just build

we create

2

INTRODUCTION:

For more than 30 years Kusch Yachts has created high-quality, custom-made yachts for the world's oceans. Skilled and experienced craftsmen collaborate with our customers to translate and incorporate their dreams into tailored realities to satisfy our client's varying needs. At our facilities in Wewelsfleth, Germany, Peters Werft GmbH combines pride and enthusiasm with creativity and ingenuity: A unique and satisfying constellation.

From the design phase

to the final touches

6

7

PHILOSOPHY:

8

Wewelsfleth, in Northern Germany, is a region where craftsmanship and creative ingenuity have long been considered synonymous.

It is into that time-honored tradition that, in 1981, Kusch Yachts was born. Since then, our belief in high-quality, state-of-the-art manufacturing has stood the test of time. Every aspect of our yachts is meticulously crafted, down to the smallest detail. As a result, Kusch Yachts is known for engaging your senses and presenting you some of the greatest adventures life can offer.

9

10

FACILITIES:

A world-class shipyard with state-of-the-art facilities: Kusch Yachts is supported by Peters Werft yard. We are conveniently located on the river Elbe, right between Hamburg and the North Sea.

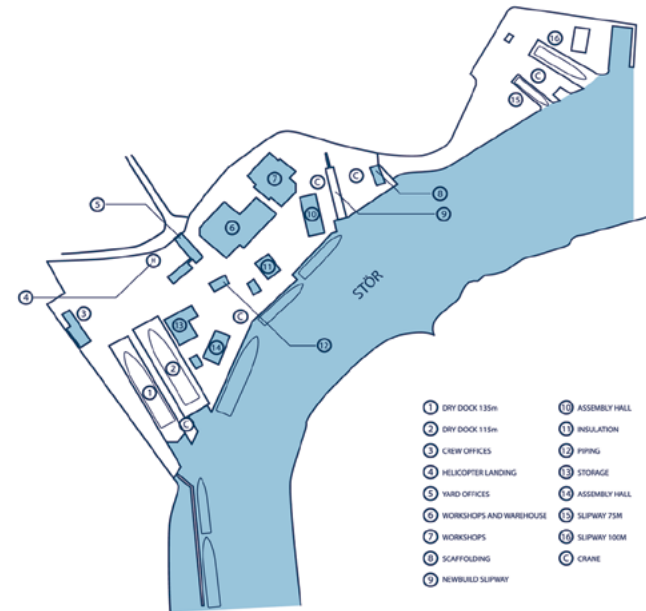

Kusch Yachts takes advantage of two large, modern dry docks with flexible protection halls, crew offices with well-equipped galley and modern storage sheds. The outfitting quay is fully equipped with all necessary infrastructure.

CAPACITIES:

-  Dock1: Sheltered Dry Dock: 135m x 22m, 5.5m depth
-  Dock2: Sheltered Dry Dock: 115m x 22m, 5.5m depth
-  Two Slips: 1x 100m, 1x 75m
-  5 Berths
-  5 Cranes

WORKSHOPS:

- Mechanical Engineering
- Electrical Engineering
- Shipbuilding
- Welding
- Joinery
- Pipe Works
- Paint Shop

SKILLS:

14

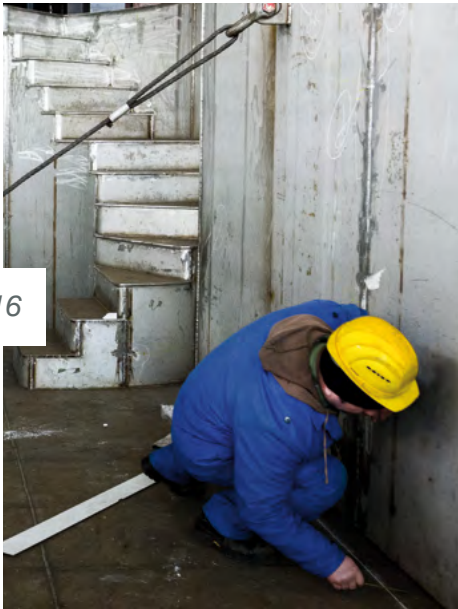

Kusch Yachts provides the complete spectrum of construction services, including refit and repair. We also offer excellent yacht consultancy services. An optimum level of dedicated service is available for custom-made yachts up to 135 m in length.

With our commitment to quality, design and competitive pricing, we strive to exceed our clients' expectations. We offer our customers a comprehensive range of services combined with a deep understanding of their needs.

15

16

Our dedicated network of facilities and architects covers all aspects of this highly specialized industry, ensuring a unique mixture of creativity and craftsmanship.

17

TEAMWORK:

Passion and expertise at work

Kusch Yachts is driven by men and women who know how to balance passion and expertise. From professional development for employees to on-the-job training programs for young people, vocational education is key to the sustainable future of Kusch Yachts.
